

Provider Communication

Subject: Web Enhancements	Priority: High
Date: March 24, 2005	Message ID: ACSBNR-03242005-2

Dear Provider:

Two new enhancements are available to you on the GHP Web Portal:

- **Provider ID Sort Order.** Provider ID drop down boxes now sort Provider IDs in alphanumeric order. Previously, the Provider IDs were sorted in what appeared to be a random fashion.
- **Medicare Part C.** If a Member is eligible for Medicare coverage Part C and any combination of Medicare coverage Part A and Part B for the date of service entered, the Web portal will now display Medicare information for Part C. The Medicare Part A and Medicare Part B information will be suppressed and not displayed.

If eligibility information is requested for a date prior to or after the Medicare Part C coverage period and the Member is eligible for Medicare Part A and/or Medicare Part B as of the coverage date requested, the Medicare Part A and/or Part B coverage will be displayed.

These enhancements will help make the GHP Web Portal more useful, and are the result of your requests.

Thank you for your continued participation in the Georgia Medicaid and PeachCare for Kids programs. And thank you for your continued use of the GHP Web Portal.
